

ATENEO DE DAVAO UNIVERSITY

High School Unit

SY 2013-2014

Mathematics – Grade 7

Elementary Algebra

Scope and Sequence with Self Assessment

Third Quarter

Fill in the *Date* and put a check mark on the cell which best describes your performance in the class for a particular lesson.

Date	Lesson No.	Topic	Self – Assessment Rating					
			0	1	2	3	4	5
		Chapter 4: Linear Equations and Inequalities In One Variable						
	4.1	Introduction to Equations						
	4.2	Properties of Equality						
	4.3	Solving Equations Using Addition or Subtraction with Applications						
	4.4	Solving Simple Equations Using Multiplication or Division with Applications						
	4.5	Solving Simple Equations Using More Than One Operation with Applications						
	4.6	Literal Equations						

RATING	DESCRIPTION	IMPLICATION
5	Very Easy	I understand very well the lesson.
4	Easy	I understand well the lesson.
3	Moderate	I understand the lesson but I need more practice.
2	Difficult	I need more examples and exercises.
1	Very Difficult	I'll consult the teacher after class.
0	Absent	I will catch up with the lesson(s) that I missed
